

Good afternoon North Marion Families! We wanted to communicate this week's Chromebook and Hotspot Distribution Plan:

- 1. ON-SITE CHROMEBOOK AND HOTSPOT DISTRIBUTION:** This week beginning Thursday, we will be distributing Chromebooks and Hotspots for grades 6 through 12 from 12:00 noon to 4:00 PM in the High School Bus Lane.

Important note, for those who are picking up a Hotspot, you must check out a Chromebook as well, even if you have your own device. The Hotspots are configured to work only with North Marion's Chromebooks.

Here's the schedule:

Thursday, May 7th High School students only – 12:00 to 4:00 pm

Friday, May 8th - Middle School and High School students only – 12:00 to 4:00 pm

Primary and Intermediate School students may pick up a Chromebook only on either date.

- 2. EXCHANGES:** If you need to exchange a Chromebook, you are welcome to come to either distribution day for an exchange regardless of your student's grade level.

- 3. HOME DELIVERY:** We will continue to provide home delivery services for those families that are unable to pick up their Chromebook, and will begin delivery services for both Chromebooks and Hotspots for High School and Middle School students.

Please contact your child's teacher to inform us of your need so we can put your Chromebook and/or Hotspot package together and schedule it for delivery.

Thank you,

North Marion School District Technology Team
