North Marion School District
Superintendent's 2024-25 Budget Message

Dear North Marion School District Budget Committee Members, Board Members, Staff, and Patrons:

In accordance with ORS 294.391, I am submitting to you the North Marion School District proposed 2024-2025 budget.

Investing in a Mission and a Vision

Tonight, as Superintendent of the North Marion School District, I have the pleasure of presenting the budget message. This is a proposal of a general fund budget of \$27,107,658.

I want to take this moment to acknowledge the tremendous work that has been done over the course of this year and thank everyone involved for what has been accomplished. The development of this budget, presented to you for your consideration, has provided an opportunity for us to reflect on our commitment to investing in our mission to “learn together while cultivating lifelong growth.” We believe the investments proposed support strategies aligned to our vision, values, and Board goals and support an investment in opportunity for each child to learn at high levels, despite the challenges they may face.

I bring this message to you with pride and with optimism that we can close the gap between our ability to sustain high levels of excellence and the resources we might have available with which to do so. We are confident that our culture of growth mindset and belief in what we can accomplish by working together, will lead to outstanding results. We are committed to making the best investments possible with the resources available to create the educational opportunities our students deserve.

We would not be in this place of optimism without the leadership of our Board and the support of our school community. I want to thank our families, our cities, our teachers, our building and district leaders, our support staff, and the many community partners, who have stepped up again and again in support of our schools and our children. We are grateful and humbled by the generosity, grace, kindness, and resilience of our North Marion community.

Our progress over the past years has been exceptional given the impact of the pandemic on our schools and our children. We have accomplished this through consistent investment in sustained support for a rich and diverse range of opportunities for students including our hallmark CTE programs. Importantly, with community support for a bond to build and renovate facilities, and support from one time Federal funds, our students increasingly experience learning and playing in safe and high quality environments that enhance their experiences at school.

The Integrated Plan for state grants that support our North Marion Strategic Plan envisions strategies shaped by extensive community outreach to support students beyond the general fund. As a result, in the 2024-25 school-year we are maximizing staff to provide support for high quality

teaching and learning, for staff to support outreach and programs for our multilingual and multicultural community, for staffing support for early literacy, to provide support for transitions, to extend learning time, and to further personalize instruction by enhancing the range of learning opportunities, available to students. This includes expanded opportunities and refreshed instructional materials to support science, math, language development, and a range of career and technical programs.

Investing Strategically

For 2024-2025, we are submitting a balanced general fund budget of \$27,107,658 that is based on a state funding level of \$10.2 billion for the biennium. We are moving into the second year of this biennium and generally, the second year brings clarity to the revenue picture. While there are some uncertainties at this time, staff continue to plan confidently and strategically for investment in the delivery of programs, services, and instruction to achieve our goals with the resources we have available.

This proposed General Fund Budget assumes:

- A State School Fund allocation of \$18,477,620 based on a \$10.2 billion state budget.
- That the allocation above is approximately \$567K more than our current allocation for 2023-2024.
- That the investment is 51% of the biennial allocation as compared to 49% last year.
- Our ADMw (student enrollment) will continue to decline as it has since 2015-2016.
- We will see a slight increase in property tax collections.
- We will invest \$2,855,000 of our ending fund balance as a beginning fund balance.
- The District continues to run on a modified accrual basis for accounting.
- The budget document presented today and adopted with any modifications in June becomes the financial plan of the District for 2024-2025.

Expenditure Assumptions

- We will honor negotiated contracts with classified staff, and continue to negotiate with our licensed staff.
- Personnel costs make up 77% of the general fund budget.

- We anticipate an increase in personnel costs for all funds of \$1.24 million, based on cost of living adjustments (COLAs) and step increases in negotiated contracts.
- This budget provides a 3.5% COLA.
- This budget also provides an additional \$70 per month in health insurance.
- We will fund the 2024-2025 school calendar year at 173 student contact days, one day more than in 2023-2024.
- There will be increased costs in transportation, utilities, and support for special needs students.
- \$1,163,607 will be allocated to contingency.

Staffing and Program Assumptions

- With some strategic reductions, we will sustain our current investments in high quality staff and programs.
- We will allocate staff and resources to support early literacy.
- We will allocate staff to provide strategic support for targeted student services.
- We will allocate resources to support programs and partnerships in CTE, and opportunities to earn college credit.
- We will allocate staff and resources to support critical student transitions.
- We will allocate resources to support new instructional materials and professional development in science, primary school math, and in English language development.

Current Challenges

- Continuing decline of student enrollment and the uncertainties declining enrollment creates for long term planning.
- Rising costs due to inflation.
- The ending of one time federal sources of funding, specifically ESSER.
- There are fluctuating financial conditions related to how the state calculates and allocates payments.
- Developing long-term strategies for sustainability given the current economic unknowns.

- Current state funding formulas are not keeping pace with inflation and student needs.
- Calculating the ultimate cost of the licensed staff contract negotiations currently underway.

A Note on Special Revenues

Though not a part of the General Fund Budget, we anticipate that combined, our Title IA, Title IC, Title II, and Title III grants will be funded at approximately the same level as 2023-2024 based on projections from the Oregon Department of Education.

The Integrated Plan which holds the Student Investment Account, Measure 98 (High School Success), Early Learning, and Perkins CTE allocations are included in Special Revenues and not in the proposed General Fund budget. This budget is based on the estimated allocations for these funds.

The Early Literacy Grant will support staffing and materials to enhance early literacy development at the primary school and our Summer Learning grant will provide critical resources to provide extended learning opportunities during the summer.

A Note on Capital Projects

Capital projects funded by a community-supported bond were completed this year when new roofs were installed over the high school commons/cafeteria, over the breezeway between the High School and the Intermediate School and over the wrestling room and intermediate school covered play area. The play area and wrestling facility were also able to be painted with this investment.

With the wise use of one time ESSER funds other critical capital investments included, installing a new HVAC system at the Intermediate School and in the wrestling area, completing needed asphalt work creating safer access to high school athletic facilities, improving outdoor safety with grounds clean-up and tree removal, and improving indoor safety with the installation of new fire proof doors at the Middle School and the soundproofing of critical areas in the High School. Facilities upgrades were made possible as the district collaborated with key community partners and volunteers to prepare the site and to install a new soccer facility on the property at the corner of Boones Ferry Road and Grim Road.

These improvements and upgrades support the long-term maintenance, upkeep, and protection of the community's investments in its school facilities and grounds.

In Closing

As always, we are optimistic about what we can and will accomplish with the investments proposed here. While we are grateful to our state leaders and legislators for their support for schools, we look forward to their leadership and needed support as they make critical decisions around school funding in the coming months. We look forward to working with them to establish funding for education as a priority so our schools can take advantage of the great potential they hold for closing the opportunity gaps that still exist between what every student deserves and what they have, regardless of the district, school, or classroom they attend. In North Marion we will work together to increase our efficiency and effectiveness. We will look for opportunities to leverage our resources as we work together to achieve our goals. Our sincerest thanks goes to everyone who has participated in this budget development process whether visibly or behind the scenes. Your collaboration, your feedback, your advocacy, and your ongoing support is very much appreciated AND it lays the foundation for providing school experiences that cause our children to believe in themselves and what they can do.

Respectfully submitted,

William B. Rhoades, Superintendent

Student Investment Account - SIA

North Marion SD 15

Scenario: FY25 Budget

The Student Success Act funds, established in July 2019, are to enhance the State School Fund, with the remaining funds primarily divided among three key accounts:

- A Student Investment Account (at least 50%)
- An Early Learning Account (at least 20%)
- A Statewide Education Initiatives Account (up to 30%)

There are two stated purposes for the funds distributed under the **Student Investment Account**:

- Meet students' mental or behavioral health needs; and
- Increase academic achievement for students, including reducing academic disparities for specific groups of students.

Funds are available to Districts and Charter Schools through a grant process.

High School Success (Measure 98)

North Marion SD 15

Scenario: FY25 Budget

High School Success is a fund initiated by ballot Measure 98 in November 2016. The measure passed to disperse \$170 million total during the 2017-19 biennium among districts and charter schools that serve students in grade 9 through grade 12. Implementation started in 2017-2018, with a second wave of school districts and charter schools implementing during the second biennium, 2019-2021.

High School Success funding is provided to establish or expand programs in three specific areas:

- Dropout Prevention
- Career & Technical Education
- College Level Education Opportunities
